ALL THE NEWS FOR ONE CENT.

Has a larger circulation in Shenandoah than any other paper published. Circulation books open to all.

## LOCAL LUNCHEON.

August is here. New moon next Tuesday. Picnics continue popular. Walking is a healthful exercise. Sunlight is noticeably decreasing. Signs of autumn will soon be appearing. The hounded man usually goes to the dogs.

It is said the feather bed is going out of use. Drivers, don't leave your horses untied on the streets.

The merchant who wants his advertisement most widely read should put it in the HERALD.

The English Baptist Sunday school will have a picnic at Lakeside next Monday. We hear the sound of a multitude going. Let us go also.

Excursions have always been popular with Shenandoah people. Now is the time to plant a good advertisement in the HERALD.

Even if we could see ourselves as others see us, most of us wouldn't stop to look.

John J. Robbins has a good stable in the First ward, suitable for a livery man, which he will rent to the right party.

Rev. H. G. James thinks it will not rain next Monday, because of the Baptist picnic, as he does not like sprinkling.

When it rains from babies in that it is never cradled until after it gets a beard.

The "two of a kind" on the Chronicle are now exhibiting their smartness in "giving away" practices indulged most exclusively by themselves. It is the old story of crying "stop thief" to turn suspicion from themselves. Ta-ta.

CHAS. T. RICE'S OLD STAND.

# MAHANOT CITY, PA.

**Board of Control.**  
There will be a meeting of the Board of Control on Wednesday evening next, at 8:30 o'clock, at the usual place.

**Pastor Arrived.**  
Rev. Robert O. Boyle, the new pastor of the Trinity Reformed church, of town, arrived in town this morning, and will occupy the pulpit in that church to-morrow morning and evening.

**Every Young Miner**  
Can become State Mine Inspector if he will read *The Colliery Engineer* and study *The Colliery Engineer Pocket-Book*. Subscription \$2.00 per year. The paper and Pocket-Book are sold together for \$3.50. Address: The Colliery Engineer Company, Scranton, Pa., for sample copy.

**An Idle Dream.**  
It is rumored that the great Welsh tin works, employing over 10,000 hands, may be removed to America. Here is a chance for an enterprising Board of Trade if Shenandoah had one. Just think what a boom your general store would enjoy with a tin plate factory employing 10,000 men grinding away down your Main street.

**Epworth League Entertainment.**  
The entertainment and sociable which was to have been given in the Methodist Episcopal church under the auspices of the Epworth League on last Monday night, was postponed for one week. It will therefore be held next Monday evening. Admission ten cents, which will include refreshments.

**A Big Fraud.**  
The Fine Art Portrait Company, of Chicago, is pronounced a fraud by the postmaster of that city and the Post Office Department has forbidden the payment of orders to them in order to protect innocent persons from being fleeced. Recently thousands of letters have been sent by this firm to persons in that city and vicinity and a number of remittances have been made by the recipients of these letters.

**A New Butter.**  
The toothsome apple butter, otherwise known as "apple sauce," has a new sister, and one to which the name is more pertinent. A German scientist says he can extract an oil from vegetables and fruits from which a butter superior to that of milk can be made. There can be none of the stomach-disturbing allegations made about this substance that were based on the manufacture of oleomargarine, and no visions of unclean things need spoil the appetite of the consumer of "vegetable butter."

## WHAT SHENANDOAH NEEDS.

Will it Ever be Anything But a Coal Town?

The Shenandoah HERALD is making a vigorous and praiseworthy attempt to arouse the citizens of that place to the importance of its acquiring varied manufacturing industries. To that end it is urging the formation of a Board of Trade without which it says Shenandoah will never be anything more than a coal mining town. It has frequently occurred to us that Shenandoah stood more in need of varied industries than any other town in the county. It owed its origin wholly to the coal industry, has grown with its enlargement and is sustained wholly by it, and will decay as it decays unless a wise provision is made for that event.

We read of the decayed and even abandoned towns in the oil regions, which fell and vanished when the petroleum supply, once abundant and the source of great growth and prosperity, failed, and Shenandoah may look forward to a somewhat similar experience unless its citizens shall be wise in their generation and take the HERALD's advice.

In Pottsville to-day the effects of the strike of the mill men is felt much less than it would have been had not the silk mill and shirt factory given employment to many members of the strikers' families. Two such institutions in Shenandoah would be a God send to its people, especially when the miners were working half time or were on total suspension.

It will, however, be useless to form a Board of Trade unless it embraces men who are willing to put their hands in their pockets and devote some of their time for the purpose of starting new industries. The only way to attract industries from abroad is to advertise the place by liberally aiding industries conceived by local enterprise. If Shenandoah has a sufficient number of public spirited, far-seeing men who are willing to aid the community and advance their own interests at the same time, the sooner they act on the HERALD's suggestion the better it will be for all concerned.—Journal.

## Oh, What a Cough.

Will you heed the warning? The signal of the sure approach of that more terrible disease, Consumption. Ask yourselves if you can afford for the sake of saving 50 cents, to run the risk and do nothing for it. We know from experience that Child's Cure will cure your cough. It never fails. This explains why more than a Million Bottles were sold the past year. It relieves Croup and Whooping Cough at once. Mothers do not be without it. For Ladies' Back, Side or Chest, use Child's Pectoral Plaster. Sold by C. H. Hagenbach, N. E. corner Main and Lloyd streets.

STRAWS show the way the wind blows, but they don't show what hot blows we have been striking at prices. Some hats are dear at any price; these hats are cheap at double the money. If what covers your head is not becoming to you, all the pains you take as to the rest of your attire are really thrown away. (Consider) see how you will look in one of our straw hats. There's no use in giving any further description of them than to say this—they are at hand. We cut the price down because we want to cut our stock down. Another big bargain in hats is our \$1 black stiff hats.
